The Story

Do you eat dessert first? Do you keep an emergency supply of cupcakes on hand at all times? Have you ever met a piece of strudel you didn't like? Then you, my friend, are an official Sweetie Pie. If you believe the world should be a sweeter place (and that includes the world of wine), this scrumptious red is made especially for you. Life is sweet. And now, what's in our glass is too.

What's in it?

A top-secret red blend developed with input from the Wine Sisterhood!

How was it made?

Fermented cool in stainless steel tanks

Wood?

Nope. No oak.

Smells like

...sweet jammy fruit, berry tart with a touch of cinnamon...

Tastes like

...a mouthful of ripe red berries with a refreshing hint of cranberry. Soft and silky on the mid-palate with a lingering finish of blackberries and cassis.
